Hispania OUR COMPANY

Taizhou Hispania Refrigeration Equipment Co., Ltd is one of professional manufacturers of refrigeration equipment. We always adhere to the "reputation first" philosophy and implement European standard strictly during design and QC. We devote to supply high quality air coolers, condensers and condensing units to our customers from more than 40 countries on 6 continents.

Hispania introduce international advanced technology and process constantly, purchase top raw materials as well as high-end equipment, and build a reliable test room. Meanwhile, we have obtained kinds of certifications successively, such as ISO9001, CE, RoHS, PED and UL and so on.

Hispania focus on copper tube/ aluminium finned heat exchangers to manufacture refrigeration products appropriate for different kinds of application areas. Basing on them, new products with other materials, such as SS tubes, golden fins, are also available.

Products

DX-evaporators (air coolers, including blast Freezers), brine coolers, air-cooled condensers, air-cooled condensing units, dry coolers.

Application areas

Cold Rooms, freezing rooms, cabinets and so on.

Refrigerants

Freon, ammonia, glycol.
